Bulk Change

With Structure, you can quickly select multiple issues and open JIRA's standard bulk change wizard for those issues.

- 1. Select issues by clicking on issue selectors, or pressing Space, Shift+Space, or other Keyboard Shortcuts for selecting issues.
- 2. Click Bulk Change action on the toolbar.

~ ∓	P Search	🖌 r 🕆 🕂 🎋 🗉 X 📋 X + Next Issue + Sub-Issue 🖍 Edit > Unresolved 📝 😂 🕱
•	Key	Summary
	META 1	Select all issues (Ctrl+A)
	DRIVE-2	- Fuel Efficiency Bulk Edit
•	DRIVE 10	Selected issues ic hulls for less drag by cosmic dust
•	DRIVE-9	
•	DRIVE-8	All sub-issues of this issue are We might use excess heat to cook food
	DRIVE-0	 also selected, but not shown (collapsed) simplify initiation of auto-destruction sequence - It really shouldn't be that hard - why should it
01	EMPR-6	(collapsed) Strange effects when hyper-jumping near a black hole - Last time we used a hyper-drive near
	EMPR-2	

- Standard JIRA bulk operation wizard opens. Select the action you'd like to take and proceed.
 At the end, the browser will be redirected back to Structure Board.
