

Structure Board

Structure Board is a full-screen view which gives you access to all the features available in Structure.

The main elements of the Structure Board are:

- **Structure Toolbar.** At the top of the Structure Board, the **Toolbar** gives you access to the main functions for building and working with structures.
- **Working Panels.** The left panel always displays the **structure widget** or **search results**, while the left panel can display another structure widget, **issue details**, **history** and other features based on the add-ons you have installed.
- **Status Bar.** At the bottom of the Structure Board, this shows the number of items currently displayed, links for the **Undo** operations and notifications.

The screenshot displays the Jira Structure Board interface. The top navigation bar includes 'Jira Software', 'Dashboards', 'Projects', 'Issues', 'Boards', 'Structure', and '+ Create'. A search bar is on the right. Below the navigation is a toolbar with various icons and 'Automation', 'Share', and 'Export' options. The main area is split into two panels. The left panel, titled 'SAFe Overview', shows a hierarchical tree of items with columns for 'Summary', 'WSJF (Basic)', and 'Progress'. The right panel, titled 'Issue Details', shows the details for 'Sub-task 1', including its type, status, priority, resolution, and assignee.

To open the Structure Board, click **Structure** in the top navigation menu in Jira and select the specific structure you want to see.

If the structure you need is not listed in the menu, there are several options:

- At the bottom of the Structure menu, select **Manage Structure**. From the Manage Structure page, you can browse and search for available structures.
- Open another structure and **switch between structures** on the Structure Board.
- If you know the structure ID, you can open it directly with a URL:
`http://your.jira.address/secure/StructureBoard.jspa?s=structure-id`

Keyboard Shortcut

Press **g** and then quickly **s** on any Jira page to open the Structure Board with the structure you opened last. (*Go Structure*)
