

Anonymous Usage Statistics

Please enable anonymous usage statistics, as it helps the developers better understand how Structure plugin is used, prioritize improvement requests and build a better product. No JIRA content or personally identifiable data are collected.

When anonymous usage statistics is enabled, Structure plugin periodically sends some data from the JIRA instance to ALM Works.

The data consists of anonymized information related to the usage of Structure plugin, for example, invocation count of each structure widget action (say, structure history is toggled 56.3 times a day on average, issues are posted 30.7 times a day on average etc.).

Here's a sample report that is sent to ALM Works: [Statistics Sample](#)

Viewing Current Statistics

JIRA administrator can always have a look at the data which is about to be sent. To view the data:

1. Navigate to **Administration | Structure | Support**
2. Click **View Current Statistics**

Turning Anonymous Usage Statistics On and Off

To enable or disable Anonymous Usage Statistics:

1. Navigate to **Administration | Structure | Support**
2. Check or uncheck **Send anonymous usage statistics** checkbox
3. Click **Apply**

The information is collected in accordance with [EULA](#) and [privacy policy](#).
