

# Structure Board

Structure Board is a full-screen view with the structure widget and without anything else, so it's good for focusing your work on the structure.

The screenshot shows the JIRA interface with the 'Structure' menu selected. The main content area displays the 'HyperDrive Project' structure board. It features a table with columns for 'Key', 'Summary', 'Progress', and 'TP'. The table lists several project items, including META-1, DRIVE-2, DRIVE-9, DRIVE-10, DRIVE-8, DRIVE-6, EMPR-2, and EMPR-3. Each item has a progress bar and a 'TP' (Time to Plan) icon. The 'Structure' menu is visible at the top, and the 'HyperDrive Project' title is at the top of the board. The board also includes a search bar, a 'Create Issue' button, and a 'Quick Search' input field.

Key	Summary	Progress	TP
META-1	▼ All our projects	<div></div>	
DRIVE-2	▼ Fuel Efficiency	<div></div>	
DRIVE-9	Use reverse hyper-driving to accumulate energy on braking	<div></div>	
DRIVE-10	► Cosmo-dynamic hulls for less drag by cosmic dust	<div></div>	
DRIVE-8	▼ Hot-pluggable heat drain for the kitchen - We might use excess heat to cook food	<div></div>	
DRIVE-6	Simplify initiation of auto-destruction sequence - It really shouldn't be that hard - wh	<div></div>	
EMPR-2	Warp drive mode - We need to be able to move with sub-light speeds within a solar	<div></div>	
EMPR-3	Secret button to shut down the Rebels hyperdrive - This would be real nice!	<div></div>	

Structure Board is opened when you click on the **Structure** top navigation menu in JIRA.

✓ You can press **g** and then quickly **s** on any JIRA page to open the structure board. (*Go Structure*)

✓ You can make the structure board your [JIRA Home page](#).

If you have several structures in JIRA, clicking **Structure** top navigation menu opens the most recently used structure.

You can open a specific, not current structure on the structure board using any of the following options:

- Click on the drop-down arrow beside **Structure** top navigation menu and choose one of the recently viewed structures.

- Click on the drop-down arrow beside **Structure** and select **Manage Structure** - this will take you to the Manage Structure page where you can browse for the structure you need, and then click on the structure name to open it.
- If you know the ID of the structure you need opened, you can directly open an URL:

<http://your.jira.address/secure/StructureBoard.jspa?s=structure-id>

Structure Board will try to accomodate structure widget nicely on your browser page to take advantage of most of the available space.
