

Changing Structure Defaults

Jira administrators can adjust a number of Structure "defaults", settings that apply when the user does not specify a more specific request or option.

- [Changing Default Structure](#)
- [Changing Default View Settings](#)
- [Changing Default Options for the Issue and Project Pages](#)

Initial Configuration

When Structure is installed, the defaults are configured as follows:

System Default Structure	None
Project Default Structure	None
Default Views Menu	Preinstalled views: Basic, Planning, Tracking, Triage, Entry (on all pages)
Default View	Basic View
Auto-switch (Issue Page)	Structure with the displayed issue.
Auto-switch (Project Page)	Off - Show the last viewed structure.
Keep structure when navigating	On - When going from structure widget to an issue page, show the same structure.
Auto-minimize Structure Panel	On - Structure panel is initially minimized if the issue is not in the structure.
