

Summary Column

The Summary column displays the issue summary and, optionally, part of the issue description. For folders, it shows the folder name. Summary can be [edited right in the structure widget](#) and it is the only field required for [creating new issues](#).

Structure Hierarchy

The Summary column is also where the structure hierarchy is displayed. The text for sub-items is indented relative to their parent items.

Key	Summary	Σ Story Poi	Σ Time Spe	Progress	TP	Assignee	Status	WSJF (Basic)	
STMA-16	Team A Story 16	18	15			Unassigned	TO DO	143	
✓ STMA-20	Sub-task 4	3				C. Bacca	DONE		
STMB-44	Bug 1			Progress: 100%		Unassigned	TO DO	800	
STMA-13	Team A Story 13	5				Unassigned	TO DO	387	
STMB-45	Sub-task 2					Unassigned	TO DO	800	
STMA-25	Bug 2					Unassigned	TO DO	800	
STMA-21	Team A Story 20					Unassigned	TO DO	800	

Customizing the Summary Column

To customize the Summary column, click the arrow icon in the column header and select which items should be displayed:

- Item Description
- Item Icons
- Sprint and Version attributes (Sprint start date, end date, and sprint goal; Fix Version start date, release date, and description)
