

Bulk Change

With Structure, you can quickly [select multiple issues](#) and open JIRA's standard bulk change wizard for those issues.

- 1. Select issues by clicking on issue selectors, or pressing *Space*, *Shift+Space*, or other [Keyboard Shortcuts](#) for selecting issues.
- 2. Click **Bulk Edit** action on the panel.

John's Structure ▾

☆ ⌵ 🔍 ||| Basic view ▾

Key	Summary	Progress	TP	Assignee	
2 items selected ⌵ ⌵ Bulk Edit ▾ Filter x					
• HDE-48 ▾	🔧 Performance	<div></div>	🔧 ✓	Donald Duck	
• HDE-13	🔧 Fuel Efficiency	<div></div>	🔧 ⬆	John White	

- 3. Standard JIRA bulk operation wizard opens. Select the action you'd like to take and proceed.
- 4. At the end, the browser will be redirected back to Structure Board.
