

Your First Gantt Chart

The first step to using Structure.Gantt is to create your own Gantt charts. You can use one of our Gantt Chart templates or add a chart to an existing structure.

- To add a Gantt chart to an existing structure, see [Create a Gantt Chart from an Existing Structure](#)
- To create a chart for a new project, see [Gantt Chart Template](#)
- To create an Agile Gantt chart (visualize and plan your epics and stories based on their sprints), see [Agile Gantt Chart Template](#).

Select Template

**Empty Structure**

Create an empty structure and add content manually.

**Backlog Structure**

Review issues scheduled for the coming release and see the workload distribution between the team members.

**Agile Structure**

Track and manage epics and stories from one or more Agile boards.

**Gantt Chart**

Visualize issues and dependencies on a timeline. Manage resource allocation and determine completion dates.

**Agile Gantt Chart**

Visualize and plan your Epics and Stories on the timeline based on their Sprints.
