

Open Source Licenses

Structure for Jira is made possible by open source software.

Here's the list of open source libraries that are used in the product and links to their respective license agreements.

Component / Library	License
Annotations (JetBrains)	Apache 2.0
Apache Commons	Apache 2.0
Apache Derby	Apache 2.0
HPPC	Apache 2.0
Apache HTTP Client	Apache 2.0
Jackson	Apache 2.0
JavaEWAH	Apache 2.0
Javolution	BSD
Jsoup	MIT license
Mapdb	Apache 2.0
Apache POI	Apache 2.0

ALM Works is a proud participant of [Pledge 1%](#). As a part of our pledge to donate 1% of equity, product and time to community, we're offering all our products free of charge to open-source projects and community projects. You can request a license through Atlassian's [Open Source License Request](#) page or through [Community License Request](#) page. Should you have any questions or need assistance, please let us know at support@almworks.com.
