

Status Category Column

This column allows you to see at a glance which Status category each issue is in. This can be extremely useful if different teams/projects use different workflows or custom statuses.

Simple Structure

Basic view

Key	Summary	Progress	TP	Status	Status Category
DT-28	Story 1			IN PROGRESS	IN PROGRESS
DT-30	Task 1.1			RESOLVED	DONE
DT-31	Task 1.2			IN PROGRESS	IN PROGRESS
DT-36	Task 1.3			OPEN	TO DO
SCP-1	Project B - Story 1			TO DO	TO DO
SCP-2	Project B - Task 1.1			DONE	DONE

Status category is a read-only column.

Status Category Values

Status category values can be used to sort, filter or group issues. They can also be used in JQL queries and formulas.
